- Stores data for up to 99 different patients
- Simple On/Off control with auto shutoff to conserve battery life
- Powered by 3 easily replaceable C-cell batteries
- Monitor patients ranging from neonate to adult
- Genuine BCI, Inc. reusable & disposable sensors available

Simple, accurate spot-checking from the hand-held pulse oximetry leader.

The **BCI™ 3301 HAND-HELD PULSE OXIMETER** quickly and reliably delivers pulse oximetry wherever spot-checking is needed... including EMS, physicians offices, outpatient clinics and hospitals. In fact, its ergonomic design, easy-to-read display and proven ability to accurately indicate SpO₂ and pulse rate for patients from neonate to adult have helped make BCI, Inc. the global leader in hand-held pulse oximetry technology.
